Name of Child: 3. Naima Tariq

Age: 10 years
Grade: Three

Naima is an active girl and behaves well in the class. She shows interest in all tasks and tried her best to do something creatively. She completes her assignments in a timely manner. She is a role model of her class due to her good behavior. She uses information gained from illustrations to demonstrate an understanding of the text. She shows strong knowledge and application of writing conventions such as capitalization and punctuation. She knows basic math facts (addition, subtraction, multiplication, and division). She uses various strategies to solve one-and two-step word problems. She identifies and extends mathematical patterns. She understands the relationship between addition and subtraction, and multiplication and division. She uses data from charts and graphs to solve problems.

She is an able and enthusiastic member of the group who takes interest in art and appears to enjoy and understand all aspects of the work. She makes good use of different techniques. She concentrates well during art lessons. She puts ideas onto paper very well. She is consistent in her efforts. She has been doing good work at times, but it is not consistent. She is very active and social and spends good time with her friends and fellows.
