Title: Women as a Warrior

She hung her soul
She bit her wound
She chose such path nobody chose.
She fought such battles nobody knows..
She's light in darkness
Everyone blinded by her brightness.
She's a lioness in disguise and a warrior
at night.
She deals with monsters but her smile
always stays bright.
She's envied by the moon

She's the daisy that recently bloomed.
She hung her soul
She bit her wound
A lioness in disguise a warrior at night.
Her scars are Art
She makes her smile and you can't tell it
apart.
A warrior she is in a barrier she was.
She fought all her wars because she is a
woman after all

Their unwavering belief in me and encouragement was a source of inspiration in facing the challenges of my life and I am forever grateful for their guidance and support. As a proud alumnus, I look back on my time at Sanjan Nagar with fond memories and a sense of pride. I'm proud of the person I've become and the achievements I've made, and I know that my school played a significant role in shaping my path. I hope to stay connected with my institute, serve it and give back in any way I can, inspiring future generations to reach their full potential. Thank you for an unforgettable experience.

Abdur Rehman (Alumni Class 2018)

My story begins in the classrooms of Sanjan Nagar, where I spent 12 formative years, ultimately completing my matriculation. The memories I created with friends and the wisdom imparted by my teachers still resonate with me today. Those early years laid the foundation for the challenges that lay ahead.

Afterwards, I embarked on the next step of my educational journey at the prestigious Government College University Lahore, where I pursued FSC in Pre-Engineering. This historic institution, with its walls adorned by the achievements of shining stars, further fueled my drive for success.

It was then that I turned my focus to technology, enrolling in FAST NUCES Lahore to pursue a degree in Computer Science. Over four years, I was not only academically but personally. These years molded my passion for the field and set me on a path I knew I would follow with commitment.

After 18 years of struggle, perseverance, and dedication, I finally realized my dream. I co-founded Sovanza, where I proudly serve as the Chief Operating Officer. Every challenge along the way strengthened my resolve, and each achievement pushed me forward. Today, Sovanza stands as a testament to the power of hard work and determination.
